

## Alpine Skiing - Timing System with Timy PXE

Pos.	Pic.	Device	Code
1	1	<b>Timy PXE</b> handy timing computer with built in printer, matrix display, big easy operational keyboard, universal timing software	Timy PXE
2	1	<b>Power Supply</b> to supply the Timy from the mains, or to charge the internal batteries	PS12A
3	1	<b>Battery Pack for Timy with 6 Ah</b>	NC-TIMY
4	1	<b>Startgate STSnM1S</b> start device complete with start complete with built in speech amplifier	STSnM1S
5	1	<b>Photocell RLS1n</b> complete with photocell (transmitter and receiver in one case, reflector, mounting bracket and 10 m stop-cable 001-10	RLS1n
6	2	<b>Headset</b> to communicate between start and finish	Q34
7	1	<b>Speech Amplifier</b> to connect at the start line for a speech connection between start and finish	SV4-S
8	1	<b>Case with foam insert</b> to transport the photocell, startgate and headset	K10
9	1	<b>Startclock</b> for regular starts during the race. The startclock has a big analogue clock, an acoustic signal for the start interval, and an indicator with red and green for go or stop. The start interval and the led/leg time are adjustable.	ASC1-PP
10	0	<b>Alternative to Startclock: Startbeep</b> Acoustic countdown device for a regular and organized start interval	STB1
11	1	<b>Case with foam insert</b> to transport the startclock (only for startclock)	K6
12	0	<b>Alternative for Case with foam insert ALGE-TIMING Backback</b> to transport the timing devices easy on the slope	ATBP
13	1	<b>Cable Reel</b> Cable Reel with 500 m field telephone cable (extra heavy duty military steel cable) with two wires	KT500
14	1	<b>Display Board - Time</b> 15 cm digit height, readability about 60 m, 5 digit, to show the time, with built in Power Pack PP4	GAZ4515+PP4
15	1	<b>Display Board - Bib and Rank</b> 15 cm digit height, readability about 60 m, 5 digit, to show the bib and rank	GAZ4515
16	0	<b>Alternative to Position 13 Display Board - Time</b> 25 cm digit height, readability about 100 m, 5 digit, to show the time, with built in Power Pack PP4	GAZ4525+PP4
17	0	<b>Alternative to Position 14 Display Board - Bib and Rank</b> 25 cm digit height, readability about 100 m, 5 digit, to show the bib and rank	GAZ4525
18	0	<b>Alternative to Position 13 Display Board - Time</b> 45 cm digit height, readability about 160 m, 5 digit, to show the time, with built in Power Pack PP4	GAZ4545+PP4

19	0	<b>Alternative to Position 14 Display Board - Bib and Rank</b> 45 cm digit height, readability about 160 m, 5 digit, to show the bib and rank	GAZ4545
20	1	<b>Carrying Bag for Display Board with 15 cm</b>	GTT15
21	0	<b>Carrying Bag for Display Board with 25 cm</b>	GTT25
